WHY DO VOLUNTEER BACKGROUND CHECKS?

PROTECT THE CHILDREN YOU SERVE

Pedophiles Want to Work/Be Around Children. A pedophile will often be employed in a position that involves daily contact with children. If not employed, he will put himself in a position to do volunteer work with children, **often in a supervisory capacity such as sports coaching, contact sport instruction**, unsupervised tutoring or a position where he has the opportunity to spend unsupervised time with a child.

PROTECT YOUR ORGANIZATION

Organizations with volunteers have a moral and a LEGAL obligation to provide a safe environment for those that they serve. With a background check from RSI you can focus on having fun and have peace of mind.

DID YOU KNOW?

- Most child sexual abusers are men, and may be respected members of the community drawn to settings where they gain easy access to children like schools, clubs and churches.
- There are 750,000 registered sex offenders and most victims know and trust their abusers. It isn't strangers our children have to fear most.
